FOLLOW THESE TIPS AND TOOLS FOR THE PERFECT WEDDING SHOW EXPERIENCE

## 1 *Make a day of it!*

There are so many exhibitors to chat with and things to experience, you will want to make sure to set aside enough time to properly browse, note, and re-visit your favourite exhibitors and displays.

## *Bring your partner!*

Share the experience; we have something for everyone so bring your partner along and you can make the planning process a joint venture.

# 2

## 3 *Grab your wedding party!*

And family and make group effort! Bring those whose opinion you value and trust. You can cover more ground with more people and have fun gathering photos, info and chatting with prospective vendors.

## *Be sure to keep an open mind!*

Our exhibitors like to show off what they do best and keep up with what's new and exciting. Even if you come with an idea of what you want, be sure to keep an open mind and trust that our exhibitors know what they are doing. They are professionals and the best in the industry!

## 5 *Bring printed address label stickers!*

To save time and hand-cramps, print off your contact info to quickly sign up for contests and info with the show or our exhibitors. Be sure to include your name(s), address, phone number, email address and wedding date!

## *Wear comfortable shoes!*

Although there is seating available at the show, you will be doing lots of standing and walking around, checking out and chatting with our exhibitors. Don't let sore feet slow you down.

## 7 *Keep your phone handy!*

Take photos and keep a note of ideas, inspirations and favourites.

## *Take advantage of exclusive offers!*

Many of our exhibitors offer show-only offers, contests, and discounts. Be sure to hop on these and save some money on your big day.

# 8

## 9 *Give it a try and chat!*

The most effective way to find out if a company, service, or product is right for you is to try it on, give it a taste, or have a conversation with the prospective vendor to discuss your vision and how you can work together.

## *Collect samples and information!*

Be sure to collect cards and info to keep track of vendors, ideas, and products that catch your eye and ones that you want more info on or need to follow-up with.
